PROFILE INFO

Aspire to secure a position with an organization where I can leverage my skills, contribute to its growth, and further develop my expertise to enhance the overall success of the company.

EXPERIENCE

March 2024 - PRESENT

Om Sakthi Tex

INTERN

- Initiated career with Excel-based critical report development, covering headcount, utilization, sales, revenue, and Stock Maintenance.
- Transformed Excel reports into dynamic Power BI insights, resulting in a 20% revenue increase.
- Transitioned to executing Power BI reports, integrating data from Excel and SQL Server for internal and external needs.
- Leveraged Power Automate for automated workflows, reducing manual data entry tasks and ensuring data accuracy.
- Effectively communicated complex data findings, empowering stakeholders for informed, data-driven decisions.

Personal Project

Excel [Employee PaySlip Generator]

- Developed an automated system using Excel and VBA to generate employee payslips in PDF format
- Streamlined payroll processes, reducing manual effort by 70% and improving accuracy.
- Ensured secure handling of sensitive employee data and provided user training.

Power BI [Zomato Data Analytics]

- Built custom visuals to showcase key performance indicators (KPIs), including revenue growth, customer satisfaction, and competitive benchmarking.
- Performed comparative analysis of competitors to identify strengths, weaknesses, and market opportunities.
- Conducted sentiment analysis on customer reviews to assess brand reputation and identify areas for improvement.

Python[Portfolio Using Streamlit]

- Created a personal portfolio using Streamlit to showcase my projects, skills, and professional achievements.
- Built the portfolio with responsiveness in mind, ensuring seamless navigation and usability across various devices and screen sizes.
- Effectively presented detailed descriptions and visual representations of key projects and technical skills, demonstrating my expertise and accomplishments.
